- Revision sessions to make the fundamentals strong for students and give them confidence
- More case studies will be practiced during the class time

ABOUT THE CMA[®] (USA)

For over 40 years the Certified Management Accounting (CMA[®]) designation from the Institute of Management Accountants (IMA[®]) has served as the benchmark for excellence in the field of management accounting.

Achieving the CMA[®] demonstrates your professional expertise in financial planning, analysis, control, decision support, and professional ethics – skills that are in demand by organisations around the world.

Be it to enhance the value you bring to your current position, or to expand your career potential, the CMA[®] will help you set the standard for professional excellence.

The CMA[®] is the gold standard for those in the profession. It requires the mastery of the skills and concepts necessary for management accountants. Employers seek out those who have earned the designation as it provides assurance of the proficiencies required for excellence in management accounting.

The **Institute of Management Accountants** (IMA[®] USA), the association of accountants and financial professionals in business, is one of the largest and most respected association focused exclusively on advancing the management accounting profession. IMA[®] has a global network of more than 140,000 members in 140 countries and 300 local chapters (www.imanet.org)

GETTING QUALIFIED

To get your CMA[®] qualification, you must meet the eligibility requirements which include passing 2 exams, Parts 1 and 2, and completing two continuous years of professional experience in management accounting. This requirement may be completed prior to, during or after passing the exams.
